BE MY BEST

(Camp Song for AISL Outdoor)

(Verse 1)

Waking up to the sun, adventure has begun!
A new day to explore, with courage at my core.
Leaders in the making, new bonds are forming.
With every step I take, my curiosity soars!

(Chorus)

Be my best, loud and strong!
Be my best, all camp long!
At A-I-S-L Outdoor, I rise, I see!
Be my best — the best in me!
A O! Let's go!

(Verse 2)

Learn more, experience more! (Hey!)
Open up a brand-new door! (Hey!)
The energy is buzzing, a challenge to pursue!
We've got each other's backs, a united crew
With new friends by my side, we put teamwork to the test
We cross the finish line, and show our very best!

(Chorus)

Be my best, loud and strong!
Be my best, all camp long!
At A-I-S-L Outdoor, I rise, I see!
Be my best — the best in me!
A O! Way to go!

A-I-S-L, Outdoor! (Outdoor!)
Learn and live for more! (For more!)

A group of young girls are singing into microphones on a stage. The scene is bathed in blue light, with some girls wearing dark, sparkly dresses. The girls are of various ages, and their expressions are focused and joyful as they perform. The background is dark, making the blue stage lights and the girls' faces the primary focus.

Enriching Learning Experiences beyond the Classroom

We are thrilled to unveil the comprehensive details of our highly anticipated 2026 AISL Outdoor Year Round Programme, a dynamic initiative where adventure and education intertwine to create truly unforgettable experiences for young minds. As the strategic partner and service provider for the esteemed Asia International School Limited (AISL), AISL Outdoor is passionately dedicated to fostering holistic growth and learning beyond the traditional classroom setting.

This year, we are excited to offer an expansive portfolio of over 100 programmes, meticulously tailored to cater to diverse interests and age groups. Our carefully curated camp experiences are organised into eight distinct themes, each designed to challenge, inspire, and nurture the innate curiosity of our participants. Whether honing artistic talents, developing survival skills, or exploring scientific wonders, our camps provide an enriching platform for exploration, discovery, and deep learning that transcends conventional education.

We are particularly excited to announce that the 2026 AISL Outdoor Year Round Programme will be hosted across multiple picturesque locations in AISL Harrow Schools, each chosen for its unique natural landscape and excellent facilities. This ensures a safe, engaging, and holistic outdoor learning environment, allowing participants to connect with nature while enhancing their educational journey.

In this brochure, you will discover a wealth of offerings, from adrenaline-fuelled adventures to serene environmental explorations. Each experience is thoughtfully designed to promote learning beyond the classroom, where practical skills meet real-world applications in the most enriching ways. Our programmes encourage teamwork, resilience, and creativity, allowing participants to grow not just academically but personally as well.

We look forward to welcoming young adventurers to a year filled with growth, discovery, and excitement. Join us on this transformative journey that promises to inspire and enrich the educational experience!

Water World Splash

Water World Splash invites young explorers aged 5 to 7 on a fun-filled nautical experience set against the tranquil backdrop of St. Stephen's Beach. The programme offers an immersive morning of water-based activities, including inflatable play, mega SUP paddling, a friendly sandcastle challenge, collaborative raft building, and an introductory sailing experience. Designed especially for beginners, the programme introduces the fundamentals of paddling with an emphasis on correct techniques, safe practices, and effective body positioning on the water. Beyond skill development, participants gain essential water safety awareness and an early appreciation of environmental responsibility—encouraging enjoyment of marine activities while fostering respect for the natural environment.

Appi Alpine Quest

Discover a summer where learning extends beyond classrooms and into fields, forests, and villages. Here, students step into the heart of rural Japan to experience authentic mountain life, hands-on farming, cultural craftsmanship, and outdoor adventure — all within a safe, residential international school environment. Set amid Japan's breathtaking alpine landscapes, this five-and-a-half-day immersive journey offers far more than a retreat. It invites young explorers to engage with nature, connect with local communities, and grow through meaningful, real-world experiences.

Jimmy Choo Academy | London Fashion Academy – Hong Kong Fashion Summer Camp

Hong Kong Fashion Summer Camp is an immersive, hands-on programme designed for international students aged 13–18 who are interested in pursuing fashion design studies at university. The course delivers a dynamic mix of global fashion design knowledge, visual communication, design development, sustainable design practices, pattern cutting, and garment construction, alongside an introduction to entrepreneurship, branding and business principles. Students will also touch on innovation in fashion and explore how AI is shaping contemporary fashion. Throughout the programme, students develop the confidence to present themselves professionally, explore future study and career pathways within the world of fashion and related industries, and gain an understanding of what it takes to succeed and sustain successful businesses.

Founded in 2021 by luxury shoe designer Professor Jimmy Choo OBE, JCA | London Fashion Academy was born from a bold vision: to redefine fashion education for the next generation of designers, offering an education that blends creativity with entrepreneurship.

Fashionistas

It is a delightful five day creative adventure designed especially for children aged 6–8, where imagination, play, and hands on making come together through fashion. Young designers are invited to explore colours, fabrics, textures, and simple design techniques in a joyful, nurturing environment that celebrates creativity and self expression. Through storytelling, drawing, fabric play, crafting, and beginner sewing activities, children build confidence, fine motor skills, and a sense of pride in what they create. Guided by caring instructors in small groups, every child feels supported, encouraged, and inspired. Each student also receives a No Sew Fashion Designer Kit to continue designing at home, and the week concludes with a heart warming showcase and celebration where families are invited to admire their child's creations and creative growth.

Fashion Design Week: Rising Designers

Fashion Design Week is an immersive five day creative experience for children aged 9–12 who dream of designing, making, and expressing themselves through fashion. Students step into the role of a real fashion designer—exploring inspiration, sketching ideas, working with fabrics, learning sewing techniques, and transforming original concepts into a finished, wearable garment. Guided by experienced mentors in small, supportive classes, children build confidence, creativity, and practical skills through hands on, student centred learning. Each student receives a professional Fashion Designer Kit to continue designing at home, and the week culminates in a celebratory showcase where students proudly present their work and receive a certificate of completion—an unforgettable milestone in their creative journey.

Summer String Orchestra

The Summer String Orchestra programme offers advanced young musicians a high-quality residential orchestral experience in Hong Kong, combining rigorous musical training with holistic personal development. The programme focuses on ensemble musicianship, sectional rehearsals, and performance-centred training, enabling students to refine their instrumental technique while developing essential orchestral skills such as listening, leadership, and collaboration. Through intensive rehearsals and guided performance practice, participants gain a deeper understanding of how individual musicians contribute to a unified artistic vision.

A cappella Singing

The programme is a vibrant and immersive musical journey that empowers students to discover the full potential of their voices. Through the exciting art of a cappella singing, students learn how to create rich melodies, harmonies, and rhythms using only their voices, without instrumental accompaniment — developing precision, musical awareness, and expressive confidence. Designed as a joyful yet structured group experience, the programme places collaboration at its heart. Students sing, rehearse, and perform together daily, building trust, teamwork, and a strong sense of belonging. In this supportive and encouraging environment, students are inspired to step forward, find their voice, and grow both musically and personally.

A Class Act (Theatre)

A Class Act (Theatre) is a LAMDA-aligned Summer Musical Theatre programme designed to develop essential life skills through performance-based learning for participants aged 8–16. Delivered within a structured and immersive environment, the programme builds confidence, communication, and creative expression by strengthening the ability to communicate with clarity, presence, and assurance through both spoken and sung voice. Grounded in the London Academy of Music and Dramatic Art (LAMDA) syllabuses, this English-language day programme offers a comprehensive and engaging learning experience in which participants develop a clear and powerful speaking voice, refine presentation and performance techniques, and gain an understanding of physical communication, including movement, facial expression, and stage presence—transferable skills that support effective communication, collaboration, and leadership both on and beyond the stage.

ENROL NOW

Next Frame: Short Film Studio

The Short Film Production Intensive is a high-impact, week-long programme for students aged 12–16 who are ready to move beyond casual content creation and begin developing professional-level creative skills. Through hands-on experience across short film production, screen acting, creative AI, vlogging, and digital photography, students explore the full media production process — from concept development and performance to filming, editing, and presentation. Guided by instructors with professional filmmaking and media production experience, students learn how stories are crafted for today's digital world while building confidence, collaboration skills, and creative ownership. No prior experience or specialist equipment is required.

Summer English Academy: From Foundations to Academic Excellence

English Immersion Camp

English Immersion is a structured, academically purposeful programme designed to deliver visible, measurable gains in spoken confidence, reading comprehension, and writing quality within one intensive week. It goes beyond “English activities” or test drilling. Students learn to use English as a working language—to explain ideas, read for meaning, write with structure, collaborate, and present with clarity—supported by explicit teaching, disciplined practice, and continuous feedback.

Cambridge English: A1 Movers Preparation & Public Speaking Camp

The programme is designed to support young learners as they take confident next steps in their English learning journey. Aligned with the Cambridge English: A1 Movers qualification—the second level in the Cambridge English: Young Learners (YLE) pathway—this programme helps students develop practical English communication skills while building confidence in both exam settings and real life situations. Designed in collaboration with the British Council, this programme supports students in building the core English language and communication skills needed for academic success. Suitable for learners typically aged 6–8 (Primary 1 to Primary 3), the camp focuses on strengthening listening, reading, writing, and speaking skills, while also introducing essential public speaking foundations.

Cambridge English: A2 Key Preparation & Secondary Interview Camp

The programme is a focused, skills-based programme designed to support students as they transition into secondary-level English learning and academic environments. Delivered in collaboration with the British Council, this camp equips students with the essential English language foundations and interview communication skills needed for success in both international examinations and secondary school admissions. Aligned with Cambridge English: A2 Key, the programme strengthens learners' all four core language skills—reading, writing, listening, and speaking—while gaining structured practice in self-introduction, question-and-answer interactions, and spoken responses commonly required in secondary school admission interviews.

ENROL NOW

Cambridge English: B1 Preliminary Preparation & Public Speaking Camp

In collaboration with the British Council, this programme is designed to help lower secondary learners (S1-S3) strengthen their English communication skills and prepare for the Cambridge PET exam (CEFR B1). This 5-day event combines targeted exam practice with structured presentation training, supporting learners in developing fluency, clarity, and confidence. Through engaging themes and interactive tasks, students will improve their vocabulary, grammar in context, and exam strategies while learning how to plan, deliver and reflect on effective presentations. The camp culminates in a mock speaking test and final presentation showcase, making it ideal for learners aiming to boost their academic performance and public speaking skills.

IELTS Preparation & College Admission Interview Camp

Designed in collaboration with the British Council—this programme is designed to help students build the core skills needed for academic success. It offers practical strategies for all sections of the IELTS exam (Listening, Reading, Writing, and Speaking) while familiarising students with different question types. In addition to exam preparation, the programme also focuses on developing interview skills. Through interactive activities, students will improve their communication, body language, and overall confidence. By the end of the course, participants will be better equipped for both the IELTS test and academic interviews, giving them a strong foundation for future study opportunities.

Cambridge Connect: Critical Thinking Skills in the Modern World

Cambridge Connect: Critical Thinking Skills in the Modern World is a rigorous five day day camp designed for ambitious students aged 14–16 who are preparing for entry into the world's leading universities. In an age of information overload, artificial intelligence, and persuasive media, academic success depends not only on knowledge, but on the ability to think independently, question intelligently, and communicate ideas with authority. This programme equips students with these essential skills by developing their capacity to analyse complex information, evaluate arguments critically, and express original viewpoints with confidence and precision.

Mandarin Communication and Public Speaking

This Mandarin immersion summer programme is grounded in the internationally recognised Production-Oriented Approach (POA). Moving beyond traditional language instruction, the programme follows a structured “Learn–Apply–Create” daily cycle that transforms the classroom into a launchpad for real-world communication. Students aged 6–12 are grouped by proficiency and engaged in a dynamic blend of language learning, cultural immersion, and hands-on tasks. Activities range from navigating digital payments in Beijing to designing and presenting original Peking Opera mask creations. Learning is active, purposeful, and meaningfully connected to both traditional heritage and contemporary Chinese life.

Summer English Academy: From Foundations to Academic Excellence

This is a carefully structured, high-impact programme designed to deliver clear, measurable improvement in English within one intensive week. The curriculum focuses on what matters most for real success in school and beyond: confidence, accuracy, and effective classroom communication.

Students are thoughtfully grouped by age and English proficiency, ensuring every learner is challenged appropriately and supported to make meaningful progress at the right pace. Across all levels, English is used continuously and purposefully through guided practice, interaction, and performance-based learning.

- Ages 4–6 develop strong early foundations through phonics, pronunciation, and spoken interaction, building a natural awareness of English sounds and the confidence to express themselves clearly.
- Ages 6–8 strengthen core language skills in listening, speaking, reading, and writing, improving comprehension, sentence construction, and active classroom participation.
- Ages 9–11 focus on academic English, learning to read with understanding, write structured paragraphs, and communicate ideas clearly in discussions and presentations.
- Ages 12–14 refine advanced skills including critical reading, persuasive and analytical writing, debate, and exam-style responses that support academic success.

Phonics Launch Pad

In collaboration with the British Council, this is an engaging English literacy programme crafted for young learners aged 4-6. This dynamic 5-day camp introduces children to a systematic Phonics approach, laying a strong foundation for early literacy. Through exciting, hands-on activities, it sparks a lifelong love for reading. Designed specifically for very young learners, the camp combines structured, high-energy activities with opportunities to practise Phonics skills, empowering children to discover the joy of reading and unlock a world of knowledge through Phonics.

Tiny Tumblers Summer Gymnastics

Every big journey begins with small, joyful steps. Tiny Tumblers Summer Gymnastics is a gentle, playful introduction to movement designed especially for children aged 3–5, where confidence, coordination, and curiosity grow side by side. In this nurturing summer camp, preschoolers explore the foundations of gymnastics through songs, stories, imaginative games, and safe, age appropriate equipment. With the guidance of caring coaches, children jump, roll, balance, climb, and swing at their own pace—discovering what their bodies can do in a warm, supportive environment that celebrates effort as much as achievement.

Drama Through Puppeteering

Drama Through Puppeteering is an imaginative and expressive drama programme that uses puppetry as a powerful storytelling and communication tool. Through guided dramatic play, students bring characters to life, explore emotions, and develop language and creativity within a safe and supportive environment. Puppets provide a unique medium for self expression, allowing students to communicate ideas, experiment with voice and movement, and build confidence while remaining creatively protected behind a character. A specially curated drama story forms the foundation of the programme, enabling students to animate animal characters through engaging dialogue and performance. The programme culminates in a live stage performance, where families and friends are invited to enjoy a vibrant and memorable showcase of the students' creativity and learning.

Foundation of the Future (AISL Harrow Students Only)

This eight-day immersive UK graduation journey is designed to celebrate the AISL Harrow Hengqin Grade 5 milestone and support students' transition to middle school. The programme blends academic inspiration, British cultural exploration, outdoor adventure, and meaningful team bonding, with visits to Cambridge colleges, and iconic landmarks including the Houses of Parliament, Greenwich, and the Warner Bros. Harry Potter Studio Tour. Students will also participate in leadership and graduation activities at Harrow School London, outdoor challenges at Go Ape Thetford Forest, and hands-on learning across historic and cultural sites. Led by experienced native-English educators and supported by Mandarin-speaking staff, the programme provides a fully immersive English environment with 24/7 supervision. Students will stay at YHA Cambridge, a trusted, education-accredited youth accommodation provider, ensuring high standards of safety, comfort, and pastoral care. The journey culminates in a formal graduation ceremony at Harrow School London, marking a meaningful conclusion to the primary school years.

Future Jobsters

Future Jobsters is a dynamic, future-focused enrichment programme that empowers students to explore how careers are evolving and what it takes to succeed in the world of work in 2050 and beyond. Through research, creativity, collaboration, and hands-on design, participants step into the role of future innovators—examining emerging industries, understanding the impact of technology, and developing essential transferable skills. Throughout the week, students work in teams to research future careers, analyse real-world case studies, and design an engaging future job fair booth. From AI specialists and biotech engineers to sustainable designers and Mars architects, participants explore how jobs are created, why they change over time, and how they can contribute meaningfully to society.

Future Diplomats

This is a five-day intensive for older students who want a serious, practical introduction to international relations - not as theory, but as action. Students train as delegates and take part in a structured Model Arctic Council (MAC) simulation, the only secondary-school programme of its kind. The Arctic is used because it demands mature thinking: climate change, Indigenous rights, resource policy, shipping routes, security, governance, and international law - all intersect in one region, forcing students to negotiate trade-offs rather than repeat slogans.

Finance Intelligence & Wealth Management

This 5-day virtual stock portfolio simulation immerses students in practical financial literacy training. Students initiate with a predefined virtual capital pool to curate their equity portfolios, then receive daily market-moving news briefs that trigger stock price volatility and valuation shifts. They may execute daily asset rebalancing, position adjustments, or equity swaps to optimize capital appreciation. On day 5, the participant with the highest portfolio ROI (return on investment) claims victory. This game demystifies core investing tenets—including risk-reward correlation, market sentiment impact, and strategic asset allocation.

Super Savers

Super Savers is an interactive financial literacy programme designed to empower young learners with the knowledge, skills, and confidence to make smart money choices—now and in the future. Through play based learning, creative expression, and real world simulations, children develop a meaningful understanding of money, effort, and goal setting in a way that is engaging, age appropriate, and fun. Throughout the programme, participants explore where money comes from, how it is earned, and how thoughtful saving and spending decisions help turn ideas into achievable goals. By drawing, designing, role playing, and working collaboratively, children transform abstract financial concepts into tangible experiences they can see, touch, and understand.

Money Makers

Money Makers is an immersive financial literacy and creativity programme that challenges students to move beyond basic money concepts and begin thinking like planners, strategists, and designers. Through hands on budgeting tasks, game based decision making, and collaborative design challenges, participants learn how money works in real world situations—and how thoughtful choices lead to better outcomes. Throughout the programme, students review and apply essential financial concepts such as earning, saving, and spending, then progress to more advanced ideas including budgeting, investing, interest, and risk versus reward. Learning comes to life as students design and build their own financial board game, integrating real world money mechanics into an engaging, playable system.

NextGen Leadership & Innovation Academy

In a world shaped by rapid change, tomorrow's leaders must know how to identify problems, think creatively, collaborate effectively, and turn ideas into action. This programme introduces students to the entrepreneurial mindset in a way that is engaging, age appropriate, and deeply inspiring. Through hands on challenges, storytelling, experimentation, and teamwork, students learn that leadership is not about having all the answers – it's about asking the right questions and having the courage to try.

Guided by real world examples from iconic entrepreneurs, inventors, and changemakers, students explore how small ideas can grow into powerful solutions. They build, test, pitch, reflect, and improve – developing resilience, communication skills, and self belief along the way. By the end of the programme, every student leaves seeing themselves not just as a learner, but as a leader and innovator in their own right.

MindCraft AI: Brain Builders

This unique residential experience invites students aged 8–15 to explore the power of their own minds and discover how it can work alongside artificial intelligence. Using safe, wearable EEG technology, students view their brainwaves in real time and learn how focus and calmness can be transformed into creative and interactive outcomes. Set within the inspiring residential environment of Harrow International School, this hands-on neuro adventure turns complex concepts in neuroscience and AI into playful, meaningful experiences. Students leave with new knowledge, increased confidence and independence, and a portfolio of mind powered creations — along with a lasting sense of curiosity about their own potential.

Mathematics & Physics for a Changing World

Mathematics & Physics for a Changing World is a five day academic programme that shows students how mathematics and physics are used in the real world: to explain phenomena, test ideas, analyse data, and make informed predictions. Rather than focusing on memorisation or exam drills, students investigate meaningful global and everyday challenges—such as melting ice, heat and energy transfer, motion, and systems behaviour—through theory, hands on experiments, and structured reasoning. Guided by a current Cambridge Professor, each day is framed within the bigger picture of how scientists think, manage uncertainty, and apply maths and physics to real decisions in climate, energy, engineering, and technology.

GameChangers League: Pixel Heroes for the Planet

It is an exciting, beginner friendly coding and game design camp for students aged 6–8. Using Microsoft MakeCode Arcade, students step into the role of Pixel Heroes, travelling through the history of video games while learning how their digital creations can help protect the world around them. Across the programme, students design and build their own mini games inspired by classic pixel games and modern interactive play. Through playful, hands on activities, they explore how characters move, how games respond to player actions, and how simple rules create fun challenges. Along the way, students connect game design with real world themes such as caring for nature, protecting animals, keeping communities clean, and helping others.

GameChangers United: Epic Mini-Game Quest

GameChangers United: Epic Mini Game Quest is an immersive five day collaborative game design experience where students aged 9–11 become creators of dynamic digital worlds. Working in small teams, students design, build, and refine a series of original mini games inspired by classic arcade mechanics and modern interactive play, exploring how movement, rules, feedback, and player choice come together to shape engaging gameplay experiences.

■ CAMP DETAILS

Dates:

29 June–3 July, 6–10 July;
13–17 July; 20–24 July 2026

Space Explorers

Embark on an out-of-this-world adventure with the Space Explorers, where students will explore the wonders of astronomy, rocket science, and futuristic space city design. This immersive programme is designed to inspire curiosity, ignite creativity, and develop essential STEM skills. Participants will become rocket scientists, space architects, and exoplanet detectives—all in just one week!

BotBuilders: From Code to Stage

This is an immersive, high energy, five day robotics experience where students move far beyond watching robots in action—they become the engineers, programmers, and directors behind them. Beginning with a box of mechanical and electronic parts, students design, assemble, and code a two legged walking robot, transforming raw components into a responsive machine that can move, react, and perform on command. The journey culminates in a live robot performance, where each robot takes the stage as a character with movement, behaviour, and personality—giving students a powerful sense of achievement and a meaningful introduction to real world robotics and engineering thinking.

Esports Adventure: Brawlhalla – Player to Pro

Esports Adventure: Brawlhalla – Player to Pro is a five day immersive programme for young gamers who want to transform their passion for play into disciplined, competitive excellence. Built around Brawlhalla, a globally recognised esports title with a proven professional circuit, the programme introduces participants to the mindset, structure, and performance standards of real competitive esports—far beyond casual gaming.

Little Architects: Design, Build & Innovate

Little Architects is an extraordinary journey where creativity knows no bounds! This immersive and dynamic programme inspires children to unleash their limitless imagination through engaging activities like city design, storytelling, acting, and art. Participants will explore self-expression, transform bold ideas into reality, and collaborate with peers to create meaningful projects. With a focus on building confidence, fostering creativity, and encouraging teamwork, Imagination Camp equips young minds with the tools to dream big and turn their visions into impactful creations.

Young Inventors: From Concept to Creation

Welcome to Invention Camp, the ultimate destination where creativity meets innovation! This exciting five-day programme is crafted for aspiring young inventors ready to explore the fascinating world of inventions and entrepreneurship. Through engaging hands-on activities, participants will unleash their creativity, brainstorm groundbreaking ideas, and transform their concepts into functional prototypes. From invention challenges to a grand showcase event, Invention Camp inspires out-of-the-box thinking while equipping young minds with essential skills to shape the future.

Formula Future Racers

Formula Future Racers is an immersive residential camp for students aged 8-13, where engineering, innovation, and competition come together at full speed. Students step into the exciting world of motorsport as part of a constructor team, discovering how science, technology, teamwork, and strategy combine to create a winning race car. Throughout the programme, students design, build, test, and race a miniature Formula style car, learning real world concepts such as aerodynamics, forces, materials, and propulsion along the way. The experience builds toward an exhilarating Grand Prix Race Day, where teams compete for the championship and present their designs and race strategies, celebrating creativity, collaboration, and achievement both on and off the track.

■ CAMP DETAILS

ENROL NOW

Data Intelligence & Business Analytics Lab

Data Science & Business Lab is a rigorous, real world programme that teaches students what data science truly is: a disciplined approach to making better decisions in business, sport, government, and society. Rather than focusing on coding in isolation, students learn how data informs judgement, strategy, and trade offs. Working with authentic datasets and realistic simulations, students analyse sports performance, evaluate business opportunities, and respond to changing market conditions. They examine real data from Japan, the United States, and global markets, and communicate insights through professional presentations—mirroring how analysts, executives, and policymakers actually think and operate.

English

Age Group:
8–11 years

ENROL NOW

Thrill Engineering

Thrill Engineering is an immersive, hands on STEM programme that challenges students to think and work like real engineers. Rather than following instructions or assembling pre designed models, learners design, build, test, and refine complete roller coaster systems under authentic engineering constraints. Mathematics and physics are experienced in action as students measure velocity, analyse energy transfer, calculate g forces, and explore real roller coaster geometry—including circular, cycloid, and brachistochrone curves—to understand why modern designs prioritise safety and performance. Through iterative testing, data collection, and evidence based redesign, students develop analytical confidence, creative problem solving skills, and a deep understanding of how mathematics, physics, and engineering integrate in the real world.

TERMS AND CONDITIONS

The following are the general policies and terms and conditions which apply to all our programmes, unless otherwise specified, to ensure the quality of our programmes, their administration and the safety of the participants and staff who take part in them. Please take a moment to review our policies and terms and conditions below.

1. CAMPS ADMINISTRATION

Applications and payment

- Places are allocated on a first-come-first-served basis.
- Camp fees need to be fully paid upon enrolment. AISL Outdoor reserves the right to exclude participants from camps due to non-payment of fees.
- You are asked to inform the office in writing should you wish to make any changes after the application is submitted. Please see below for our policies on withdrawals and change of booking.
- Please check the time, date, venue and the prerequisites carefully as outlined on the schedule.
- The booking is personal to the registered participant and non-transferable.

Parent / guardian Communication

- Booking confirmation will be sent to you by email. Camp reminders will be sent to you 2 weeks before the first day of camp. Please regularly check your email, including your spam folder, to ensure you receive our messages. If you are not receiving our emails, check your junk mail and confirm that we have updated your contact details. AISL Outdoor shall not be liable for any missed sessions arising from a parent's or guardian's failure to review, access or update their contact information, or to check emails sent by AISL Outdoor, provided that AISL Outdoor has sent such emails to the email address last provided by the parent or guardian.
- To ensure swift communication during emergencies, participants must provide at least one emergency contact with a local phone number. In the event of an accident, we will immediately call this number. If we cannot reach you, we will send an email to notify you of the incident.
- If you're unsure about the contact details you provided, please email us at info@aisloutdoor.com to update your information. Having accurate contact details is crucial for our Child Protection Policy. Remember, opting out of email communication may result in missing essential information about your child's programmes.

2. POLICY ON WITHDRAWAL, ABSENCE, CANCELLATIONS

Cooling Off period

- Participants who successfully enrol in a camp are entitled to a cooling-off period of 7 days from the date of purchase. For example, if a purchase is made on 1 July at 4:00 PM, the cooling-off period will end on 8 July at 4:00 PM. This period allows participants the opportunity to reconsider their enrolment and request a refund if necessary.
- **Please note that the 7-day cooling-off period applies only until 29 April 2026 and will not apply to any requests submitted after this date.** All requests for withdrawal or changes to bookings must be submitted in writing to info@aisloutdoor.com.
- For all approved refunds, a **3% administrative and system processing fee** will be deducted from the total amount paid. In cases where the camp or programme is cancelled by AISL Outdoor, the refund processing fee will be waived, and the full applicable refund amount will be borne by AISL Outdoor.

Refund and Change of Booking Eligibility

Conditions	Hong Kong & Mainland China Programme	Overseas Programme (Outside China)
Withdrawal	<p>Withdrawal requested on or before 29 April 2026</p> <p>During the 7-day cooling-off period, 100% refund will be provided. (subject to a 3% administrative and system fee deduction).</p> <p>After the cooling-off period: 80% refund. (subject to a 3% administrative and system fee deduction).</p> <p>Withdrawal requested between 30 April and 29 May 2026: 40% refund will be provided.(subject to a 3% administrative and system fee deduction).</p> <p>Withdrawal requested on or after 30 May 2026: All fees paid are non-refundable.</p>	<p>Withdrawal requested on or before 29 April 2026</p> <p>During the 7-day cooling-off period, 100% refund will be provided.(subject to a 3% administrative and system fee deduction).</p> <p>After the cooling-off period: 80% refund.(subject to a 3% administrative and system fee deduction).</p> <p>Withdrawal requested on or after 30 April 2026: all fees paid are non-refundable.</p>
Change of Booking	<p>Summer and Winter Camp:</p> <p>Each booking may be changed once only, and must remain within the same camp period.</p> <ul style="list-style-type: none"> • All change of booking requests must be submitted on or before 1 June 2026, subject to availability. • Any price difference must be paid in full; no refund if the new camp fee is lower. • AISL Outdoor reserves the sole discretion to make decisions regarding the change of booking. 	No change of booking will be offered.
Withdrawal, absence, early departure after a camp commences	No refund or change of class will be provided, irrespective of the reasons after the camp commences. This policy applies to all cases of withdrawal.	
Behaviour of Participants	In the event of a camper's suspension or dismissal from the camp due to instances of bullying, no refund will be provided. This policy is established based on fairness, underlining the significance of exhibiting respectful conduct and the ramifications associated with engaging in bullying behaviours. AISL Outdoor reserves the right to determine, at its sole discretion, whether conduct amounts to bullying or behaviour warranting suspension or dismissal.	
Inclement Weather & other force majeure	<p>Under inclement weather conditions (e.g. Red/black rainstorm signals, T8 or above) or other force majeure events, no refund will be provided.</p> <p>Please refer to our Inclement Weather Procedures.</p>	No refund will be provided.

Cancellation due to insufficient participants

- If the camp does not reach the minimum number of participants, as indicated on the registration website, two weeks prior to the camp start date, AISL Outdoor reserves the right not to organize the camp. In such cases, a full refund will be provided to all registered participants, or such participants may apply to join another camp within the same camp period.

Change of camp dates, times and venues

- AISL Outdoor reserves the right to change camp times, venues and dates at our discretion. Parents will be notified of any changes in advance as soon as possible. If the participant is not able to join a reorganised camp which may be held in a different timeslot or in a different location that he/she originally applied for, a full refund will be offered to all registered participants, or such participants may apply to join another camp within the same camp period.

Request Refund

- If you wish to make a refund and withdrawal request, please email us to obtain a refund form. You are required to submit the completed form through email within 14 days from the date it is provided to you. If we do not receive the completed form within this 14-day period, your request for a refund will be deemed forfeited.
- Refund will be made within 60 working days after we receive a properly completed and signed refund application form from the participants requesting the refund, along with valid supporting documents.
- Refunds requested by participants may have any associated bank charges, particularly for remittances to overseas accounts, deducted from the refund amount.
- All refund requests are subject to the sole decision of AISL Outdoor.

3. PARENT AND GUARDIAN RESPONSIBILITIES

- Parents and/or guardians are responsible for the transportation, pickup and drop-off arrangement of the participants to and from the programme venue and the travelling arrangements including visa applications (if applicable) of the participants.
- Camps will finish on time. Please ensure you pick up your child promptly at the end of the camp. If your child is self-dismissed, you are required to submit the self-dismissal authorization form to us before the first day of camp. Without receiving the form, we couldn't allow your child to leave due to our safeguarding policy, and costs incurred due to such an arrangement will be charged. AISL Outdoor reserves the right to determine whether a child may self-dismiss, regardless of whether an authorization form has been provided, to ensure the child's safety.
- You are also required to provide the contact details of the person who is picking up your child to us.

4. SAFETY

- Participants are expected to abide by the regulations of the facility. This will be strictly enforced, and we reserve the right to ask anyone who does not abide by the rules or behaves unreasonably to leave immediately. No refund or credit will be available under such circumstances.
- AISL Outdoor, our coaches and our teachers are not responsible for any injury to participants, or damage or loss of property because of participation in our camps, except where such injury, loss or damage is directly caused by our proven negligence or wilful misconduct.
- By enrolling, parents/guardians consent to AISL Outdoor arranging emergency medical treatment where deemed necessary and agree that any related costs shall be borne by the parent/guardian.

5. INFORMATION POLICY

- Information provided by you on your application form will be used for the purposes of processing your application for enrolment; and administration after enrolment.
- The data we collect will be kept confidential. You have the right to obtain access to and request correction of any information concerning you and your child held by us. Requests for such access should be made in writing.
- We reserve the right to amend our policies from time to time.
- Please read our Privacy Policy.

6. CHILD SAFEGUARDING POLICY

AISL Outdoor have a duty of care towards children in their charge and ensure always that the safety and protection of the child comes first – whether presented with an actual hazard, or in relation to any form of abuse. Each coach and teacher shall comply with AISL Outdoor's safeguarding requirements. Any matters of child protection or safety should be raised with us by email at info@aisloutdoor.com.

7. CODE OF CONDUCT

We value the relationship we have with our parents and participants, and strive to treat one another with respect and dignity, and offer support where needed. In turn we have an expectation that parents and caregivers of children attending any of our programmes follow the same principles.

All parties should

Respect

- treat one another with respect
- respect the confidentiality of the situation and the privacy of individuals involved
- respect the beliefs, cultures and opinions of others even if you disagree

Support

- follow the procedures and practices of the programme and if you disagree with something, talk to the coach/teacher first.

Ethical Communication

- use appropriate communication skills
- stay calm and relaxed
- use non-judgmental, respectful language
- seek advice whenever appropriate

Ethical Conduct

We ask that parents and caregivers and participants please

- don't smoke anywhere on school premises
- don't possess, use or be under the influence of alcohol or illegal drugs on school premises
- don't harass or abuse any person or use profanity
- on school premises or sports facility
- do not take any photographs or video/audio recordings without AISL Outdoor's permission.

Participants should

- follow the rules in the camp
 - behave and dress appropriately
-

8. PHOTOS / VIDEOS GUIDELINES

- AISL Outdoor coaches, teachers and staff may occasionally use cameras and take photos and videos during camps for use in promotional publications and on our website.
- These images/videos will not be passed onto third parties.
- If parents do not wish us to use photos that include their child, please advise us on the application form or inform us at info@aisloutdoor.com. Requests to withdraw consent will be applied on a forward-looking basis. AISL Outdoor is unable to remove previously published materials already in print or distributed.

9. INSURANCE COVERAGE

- AISL Outdoor and its Operations Providers are responsible for the public liability insurance coverage. This specific third-party risk insurance is structured to offer compensation in the event of financial losses stemming from unfortunate incidents involving the death or bodily injury of a third party. These incidents are directly related to shared areas and facilities within the premises, including but not limited to elevators, staircases, fire service installations, and other communal amenities.
- We strongly recommend that our participants purchase their own personal travel or personal accident insurance coverage at their own expense. This proactive step is instrumental in ensuring comprehensive protection for their individual interests and overall well-being during their engagement with our services. This supplementary insurance coverage serves as an additional layer of security and offers a safeguard against unforeseen circumstances and provides a vital safety net for our participants.

INCLEMENT WEATHER PROCEDURES

■ HONG KONG PROGRAMME

In the event of adverse weather conditions or other extreme circumstances in Hong Kong, camp arrangements may be cancelled, suspended, shortened, or adjusted in accordance with government regulations or official announcements if the camp cannot proceed as scheduled. Upon improvement of weather conditions, the camp will resume promptly without postponement or supplementary sessions.

Parents are advised to stay informed through official announcements on radio, television, or the “GovHK Notifications” mobile application during rainstorms or other extreme weather conditions. Reference may also be made to updates issued by the Hong Kong Observatory.

No refund will be provided for any cancellation, suspension, or adjustment made under such circumstances. Any losses, expenses, or inconveniences arising therefrom, including but not limited to transportation, accommodation, or personal arrangements, shall be borne solely by the parents or guardians.

BEFORE THE CAMP COMMENCES:

Conditions	Corresponding measures
When Tropical Cyclone Warning Signal No. 1 is issued.	Camps are to operate as usual unless advised otherwise.
When Tropical Cyclone Warning Signal No. 3 or above is issued before 6:15 am.	Camps are to operate as usual unless advised otherwise.
When Tropical Cyclone Warning Signal Pre- No. 8 / No. 8 or above is issued before 6:15 am.	Camps are to be suspended. Camps will resume on the following day if any signal is cancelled.
When Amber Rainstorm Warning Signal is issued.	Camps are to operate as usual unless advised otherwise.
When Red/Black Rainstorm Warning Signal or extreme weather conditions is issued from 6:15 am.	Camps are to be suspended. Camps will resume on the following day if any signal is cancelled.

AFTER THE CAMP COMMENCES:

If there is heavy rain and thunderstorms, outdoor activities will be moved indoors for the safety of the participants. If there is heavy rain or other extreme weather that prevents the activities from proceeding as planned, we will shorten the day's schedule or dismiss early based on the actual situation.

MAINLAND CHINA & OVERSEAS PROGRAMME

For camps in Mainland China and overseas, AISL Outdoor will adhere to local government orders and policies concerning public health and inclement weather situations. We reserve the sole discretion to determine whether the event will proceed, prioritizing the safety, health, and well-being of all participants.

PRECEDENCE OF ENGLISH VERSION

The English version of the Terms and Conditions shall prevail in case of any discrepancy or inconsistency between the English version and its translation in Chinese.

About Asia International School Limited (AISL)

ASIA
INTERNATIONAL
SCHOOL LIMITED

Asia International School Limited (AISL), in partnership with Harrow International Schools Limited in the UK, is dedicated to providing the highest standard of quality education, both in and out of the classroom. Our belief is that pupils be given every opportunity to flourish in all the different areas where their talents lie.

AISL Group is a leading provider of education services in Asia. The AISL Harrow family of schools comprises AISL Harrow International Schools, AISL Harrow LiDe Schools, AISL Harrow Hong Kong Children School, and AISL Harrow Little Lions Early Years Centres, which proudly draw on the 450-year heritage of Harrow School in the UK, embracing the Harrow Values of Courage, Honour, Humility, and Fellowship. We are committed to the highest standards and quality of education for all pupils, delivering Educational Excellence for Life and Leadership.

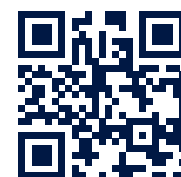

This is a promise and pledge that we have adhered to for the past three decades since the first AISL Harrow School was established in Bangkok in 1998. As the Group continues to grow and develop, by 2026, there will be approximately 10,000 pupils aged 3 to 18 in AISL Harrow Schools at 13 locations in Mainland China, Hong Kong SAR, Japan and Thailand.

AISL is founded by Mr. Daniel Tat-jung Chiu.

www.aisl-edu.com

About AISL Foundation

AISL
FOUNDATION
亚洲国际学校基金

AISL Foundation brings together the vision of Asia International School Limited (AISL), to serve as a platform of *Nurturing Talents for Good*, in preparing our pupils to be committed, responsible, and leading citizens of the future.

AISL Foundation is an initiative that supports exceptional pupils through scholarship grants and awards, dedicated to unlocking their extraordinary potential of pupils worldwide and championing educational excellence. We aspire to nurture the diverse talents of our global pupil community. By uniting parents, alumni, and social partners, we seek to cultivate a vibrant network that empowers every pupil to grow, lead, and shape a brighter future for all.

The Foundation is a Hong Kong government-registered charitable arm of AISL.

www.aislfoundation.org

About 3As

Driven by its commitment to educational excellence, Asia International School Limited diversifies and enriches the range of offerings by harnessing professional services provided by expert service providers – AISL Academy, AISL Mall, and AISL Outdoor. Resourceful and well-rounded, these curated programmes and platforms empower educators to better nurture their students, young people as they explore outside the classroom, and learners as they unleash their full potential.

All of this is done to lift our next generations from being very good to being outstanding all-rounded individuals possessing strength of character to excel in a rapidly changing world. We invest in them, optimising their lifelong learning interests and leadership potential, preparing them for a high-achieving future to serve the wider community.

About AISL Outdoor

Learn More Matter More

AISL Outdoor is dedicated to fostering holistic education through experiential learning outside of the classroom. Established in 2023, AISL Outdoor programmes extend learning into real-world contexts, supporting the development of resilience, broadened perspectives, and confidence through purposeful, collaborative outdoor experiences.

Delivered in partnership with AISL Harrow Schools and a network of globally recognised educational institutions and professional educators, AISL Outdoor provides fully English immersive learning opportunities, including summer camps, winter camps, and year-round programmes.

With programmes offered across AISL Harrow Schools and selected international locations, AISL Outdoor serves students aged 3 to 18 each year across sports, adventure, arts, STEM, communication, and leadership. Through learning outside the classroom, students develop teamwork, leadership, and a strong sense of character, laying a solid foundation for future success in a global context.
